

# LUXURY VINYL TILE FLOORCARE

We want your new LVT floor to become a design and functional feature for many years to come, to help you achieve this we have laid out the following floorcare guidelines. Each product in our two LVT collections feature a polyurethane reinforcement (PUR) within a hard-wearing surface, providing protection against everyday wear, ensuring optimum long-term performance of your floor. Furthermore, both our LVT collections do not harbour dust mites or bacteria, making them ideal for the home environment.

## Initial cleaning after your new floor has been installed:

- Avoid walking on the floor for at least 24 hours following completion of installation.
- Sweep or vacuum to prevent loose dirt or grit from scratching the floor.
- Polishing your floor can be beneficial to help prevent slight surface scratches and to provide further protection.

## Day to day cleaning:

- Sweep or vacuum the floor to remove loose dirt, grit or dust.
- Use clean mops and neutral cleaning solutions to regularly clean your floor.  
*Contact Polyflor for details of approved maintenance products.*
- Dilute the floor cleanser to the manufacturer's instructions.
- Mop the floor evenly.
- Collect any excess liquid in a mop bucket.
- Rinse the floor with clean water and allow to dry.

## Regular cleaning is more beneficial to the floorcovering and is more cost effective than occasional heavy cleaning.

- Do:**
- ✓ Install barrier mats at entrances to pick up grit and moisture. (Note, some rubber-backed mats may discolour the floor.)
  - ✓ Ensure your furniture is fitted with protective pads where necessary to prevent scratches.
  - ✓ Use protective cups under heavy furniture to prevent indentation.
  - ✓ Remove spillages as quickly as possible to reduce risk of staining and causing slip hazards.
  - ✓ Always use clean equipment when maintaining your floor.
  - ✓ Regularly trim pets claws as these can cause fine scratches.

- Don't:**
- ✗ Use metal scouring pads as these can damage the floor.
  - ✗ Clean the floor with abrasive liquids such as solvents, caustic detergents, washing up liquids, soap powders, bleach, furniture polishes, petroleum based products, pine gels, stain removers or highly coloured products. Such products may make the floor slippery or cause permanent damage.
  - ✗ Drag furniture with unprotected feet across the floor.

Resistant to everyday dirt and soil

Resistant to accidental splashes and temporary surface water

Dirty footprints are not a problem and can be easily wiped away

Everyday dirt and crumbs can be simply swept away

# INTERLOCKING VINYL TILE FLOORCARE

We want your new Interlocking vinyl floor to continue to look as good as the first day it was installed, so to help you achieve this we advise the following floorcare guidelines. Each product in the Camaro Loc collection features a polyurethane surface treatment providing protection against everyday wear, ensuring optimum long-term performance of your floor.

## **Initial cleaning after your new floor has been installed:**

- Sweep or vacuum to prevent loose dirt or grit from scratching the floor.
- Polishing your floor can be beneficial to help prevent slight surface scratches and to provide further protection.

## **Day to day cleaning:**

- Sweep or vacuum the floor to remove loose dirt, grit or dust.
- Use clean mops and neutral cleaning solutions to regularly clean your floor. *Contact Polyflor for details of approved maintenance products.*
- Dilute the floor cleanser to the manufacturer's instructions.
- Mop the floor evenly.
- Collect any excess liquid in a mop bucket.
- Rinse the floor with clean water and allow to dry.

## **Regular cleaning is more beneficial to the floorcovering and is more cost effective than occasional heavy cleaning.**

- Do:**
- ✓ Install barrier mats at entrances to pick up grit and moisture.  
(Note, some rubber-backed mats may discolour the floor.)
  - ✓ Ensure your furniture is fitted with protective pads where necessary to prevent scratches.
  - ✓ Use protective cups under heavy furniture to prevent indentation.
  - ✓ Remove spillages as quickly as possible to reduce risk of staining and causing slip hazards.
  - ✓ Always use clean equipment when maintaining your floor.
  - ✓ Regularly trim pets claws as these can cause fine scratches.

  - ✗ Clean the floor with abrasive liquids such as solvents, caustic detergents, washing up liquids, soap powders, bleach, furniture polishes, petroleum based products, pine gels, stain removers or highly coloured products. Such products may make the floor slippery or cause permanent damage.
  - ✗ Drag furniture with unprotected feet across the floor.

# LUXURY VINYL SHEET FLOORCARE

So you can continue to enjoy your Luxury Vinyl Sheet floorcovering for years to come, a regular cleaning regime is required to help keep it looking as new. Regular cleaning is more beneficial to the floorcovering and more cost effective than occasional heavy cleaning.

## Day to day cleaning:

- Sweep or vacuum your floor to remove any dust and loose dirt.
- Mop with a neutral cleanser to remove any stubborn marks, rinse with clean water and allow to dry.

## Protection for everyday wear:

Both our LVS collections come complete with a polyurethane reinforcement (PUR) to protect against everyday wear, however to minimise the chances of your flooring becoming damaged we do recommend the following floorcare guidelines:

- Install barrier mats at all entrances to pick up grit and moisture (Note, some rubber-backed mats may discolour the floor.)
- Ensure all cleaners and detergents are diluted as per the manufacturer's instructions. For recommended products for use with luxury vinyl sheet floor coverings, visit [www.polyflor.com](http://www.polyflor.com) and go to the product pages.
- Fit protective pads to all furniture legs to prevent scratches when moved across the floor.
- Use protective cups under heavy furniture to prevent indentation.

- Remove spillages as quickly as possible to reduce risk of staining and causing slip hazards.
- Regularly trim pets claws as these can cause fine scratches.
